	Legging	69
	Parka (Including liner)	119
	Dress	49
	Reflective Softshell	75
	Reflective Jacket	82

Customers can scan the QR code to see and confirm the design & details. We can help them to do adjustments based on their requirements. For the basic style, we can finish the 3D design in 3 working days based on confirmation of design requirements. For the complicated style, we need 5-7 working days. Note: If the 3D design is confirmed first and then the sample is made, there is no need to double calculate the pattern making fee. We only charge the material cost and processing cost for the physical sample stage.
